

WHY LILYPADZ?

Because LilyPadz are invisible under your clothing, long lasting and have no absorptive component, so there is nothing else to buy!
LilyPadz revolutionary design and features allow you to return to the activities you enjoyed before your baby was born.

- Sleep comfortably.... LilyPadz stay in place in the absence of a bra.
- Go for swims....Because LilyPadz are non-absorbent, they are the only nursing pad that remains effective when swimming. Although they must be applied while dry, LilyPadz stay in place and retain breast milk as you go from dry to wet and dry again!
- Enjoy a night on the town...Great for under evening attire, strapless, sheer, slinky...you name it.
- Wear your favourite lingerie...Not only are LilyPadz thin but they are transparent too!

WHAT ARE LILYPADZ?

LilyPadz are revolutionary new non-absorbent nursing pads. Whether or not you breastfeed your baby, incontinent, leaky and let's admit it; obvious nursing pads are the last thing you want to worry about during or after your pregnancy. Working on the age-old principle that pressure stops breast milk leakages, LilyPadz keep that pressure constant, even in the absence of a bra, so you never leak.

LilyPadz combine the unique feature of flexibility, breath ability, invisibility and "stick-to-you-ability" in its special soft and non-absorbent material. So LilyPadz conform and hold to your breast like a second skin, allowing you to return to your pre-pregnancy wardrobe and lifestyle with confidence.

Now that you have a choice...

Say goodbye to uncomfortable, unreliable and unattractive pads. Choose LilyPadz.

HOW DO I USE LILYPADZ?

It's easy. Simply place the LilyPadz over your nipple with the tacky side toward your skin. With a finger in the centre of the LilyPadz, firmly depress the nipple and smooth out over your breast. Simply lift off the LilyPadz to nurse your baby and then re-apply after feeding.

Unlike other nursing pads, LilyPadz are continuously usable. LilyPadz contains no adhesives so the self-stick lining will not wear out with repeated washing. In fact the lining is renewed each time they are washed so one pair will last for months! Best of all, the lining is gentle on your skin* Just wash with mild soap and water, rinse and air-dry before reapplying. The whole process takes only minutes.

You can even occasionally sterilize your LilyPadz. Just place in boiling water for 1 to 2 minutes.

**Some women may experience mild irritation when using LilyPadz for the first time. This should disappear after repeated use.*

TESTIMONIALS

"Free at last! No more nursing bra 24/7. I get to take off my bra overnight."

Amy-Curtice, OH

"I've tried every type of nursing pad...You have changed my title from "Drippy in Dallas" to "Dry and Delighted in Dallas". Thank you for making a product that not only stops leaks and looks good, but also lasts."

Anna-Dallas, TX

"It's been great to wear my white and tighter fitting shirts again-my wardrobe choices are much improved!"
